## A Message To Our Clients

Pro WoodCare is built on safety and exceptional service to you, our client. We want you to know that we are taking the proper precautions to ensure we can continue to deliver the reliable service you have come to expect from us.

We are and will continue to follow all CDC recommendations for limiting the spread of COVID-19. Any of our team members who display signs of illness or are known to have been exposed to the virus will remain at home on sick leave.

### **On Your Property:**

The nature of our work is outdoors, and our crews work in small teams of 2-4 workers. In the vast majority of settings, we can work with our clients with minimal or no face-to-face contact and at least six feet of distance.

In addition, our sales technicians and crew foremen can speak with you about your project via phone while on-site. They can also provide quotes and consultations via email, so please contact us if you have any questions or concerns about your wood care needs.

### **At Our Offices:**

We will continue to practice proper sanitation of our offices while increasing the disinfection of all high use areas and requiring workers to maintain a safe distance from one another. All team meetings are limited to small groups or conference calls.
